The Textbook & Resource Evaluation Guide Contains:

- Black line masters that can be duplicated for all the teachers who are participating in the evaluation of textbooks, kits, workbooks, and other resources.
- All the pre-kindergarten through 12th Grade Level Indicators for the four core Academic Content Standards:

English Language Arts	Math
Social Studies	Science
- A check list to determine Indicators covered in up to six companies on each reproducible page.
- A separate section per grade level for evaluating features including:

Physical Features	Components
Assessments	Content
- Space for additional comments to assist in final decision.

Textbook & Resource Evaluation Guide

- **Provides a comprehensive check list of Indicators by core subject areas.**
- **Aligns the resources and textbook evaluation process to the Ohio Academic Content Standards.**
- **Promotes efficient decision making for new textbook and resource adoptions.**
- **Facilitates the selection process.**
- **Prevents needless purchases of materials not aligned to standards.**
- **Improves test scores by choosing aligned resources.**
- **Reproduction rights allow use for multiple years.**
