

Get Personalized Feedback on Your Crash-prevention Skills

READY-ASSESS™ IS A SELF-GUIDED DIAGNOSTIC TEST THAT SAFELY EXPOSES DRIVERS TO THE TYPES OF DRIVING SITUATIONS THAT CAUSE THE MOST AMOUNT OF INJURY.

Nearly 1 in 5 new drivers get into a crash soon after getting their driver's license. Our test reliably gauges the types of critical crash-avoidance skills that a driver may be missing in order to drive safely and independently.

- You'll get **Personalized Feedback** to help you focus on your areas for improvement to avoid crashes
- **Ready-Assess™** was developed and proven by scientists from the Children's Hospital of Philadelphia and Diagnostic Driving, Inc.

Who Ready-Assess™ is for:

- Learner drivers, with or without an instructional permit
- Learner drivers preparing for their road test
- Newly licensed drivers
- New drivers with special medical conditions (e.g., ADHD, Autism)
- Immigrant and senior drivers

THE TEST TAKES LESS THAN 20 MINUTES TO COMPLETE.
